Enjoy this upcoming New matching  
Game for kids and adults

- There are several free online matching games, top free brain games and applications that can help you to feel relax.
- One of the free online matching games “Matchme”- is coming and developed as one of those mind refresher games.

- Matchme application is aimed to provide game where shiny candies, cute animals, different shapes, alphabets and squishy fruits float around on the scree.
- Encircled two or more similar objects, blast them to bits and score big points to collect gold coins with different 'Power Ups'.

# Types of Game

There are two types of users available into this free online matching game:

- Free user can play SHAPES only for 60 seconds.
- Paid user can play SHAPES, ANIMALS and ALPHABETS with unlimited times.

Free users will not be able to play game for the animals and alphabets.

# How to Play

- Match means encircled with two or more similar objects, blast them to bits and score big points.
- So, total number of match for each game should be displayed into the LEFT side at the TOP of the screen.
- User can purchase a life from the SHOP and get it while playing a game.
- There will be no levels into this game.

# Lifelines

There would be 3 lifelines in terms of power-ups in play screen for paid users only:

- Freeze All
- Slow Speed
- Increase Life

- While shiny candies, cute animals and squishy fruits hover around on the screen of your iPhone, iPad or Android phone.
- Are you quick enough to Match and go in the wild world of Matchme- a free online matching game?
